

Roll No.	First name	Last name	Math	Science	English	Computer	Language	Domain
1	Adam	Smith	85	99	69	83	63	Economics
2	John	Nash	94	96	89	80	52	Mathematics
3	Marie	Curie	67	78	72	60	87	Chemistry
4	Nikola	Tesla	57	81	84	97	54	Physics
5	Alan	Turing	73	68	65	100	61	Computation
6	Ada	Lovelace	100	82	74	100	69	Programming

*The total marks of each subject is 100.

From the above table, calculate the following using Excel formulas :-

1. Find out the maximum marks obtained in Computer.
2. Find out the minimum marks obtained in Math.
3. Find out the average marks of each student.
4. Write the formula for finding the full name of the students.
5. Find out the topper in the class (topper is the one with the highest percentage).
